

Nostrum KDI Technical Specifications

Part Number: H060-0183

Vehicle Application: Ecotec 2.0L Turbo Four Cylinder, LNF Engine Code

Sealing:

Top O-ring (Fuel Rail) Diameter: 12mm

Bottom Seal (Combustion Seal) Diameter When Compressed: 7.5mm

Bottom Seal (Combustion Seal) Width: 3.2 mm

Number of Bottom Seals: 1

Spatial Attributes:

Electrical Connector: Bosch Compact

Electrical Connector Orientation: Down

Reference is looking from the back of the injector when installed in the engine

Spacer Color:

Physical Operating Limitations:

The following parameters are the physical limitations of the injector. They are not parameters intended for engine ECU calibration.

Maximum Operating Pressure: 200 bar

Minimum Injector Pulse Duration: 0.45 ms

Maximum Pull-In Current: 18 amp

Maximum Peak Current: 9.5 amp

Maximum Hold Current: 5.5 amp
